Sourav Singh

Full-Stack Developer | MERN Stack Specialist | Passionate About
API Integration & Modern UI Design
Shimla, Himachal Pradesh, India

Summary

Hi, I'm Saurav Singh, a passionate Full-Stack Developer with a diploma in Computer Science Engineering (2022). I specialize in building scalable and user-friendly web applications using the MERN stack, combining technical expertise with creative problem-solving.

During my journey, I've worked alongside a Laravel development team to create the front-end of an Intellectual Property Rights (IPR) system, where I implemented API integrations for seamless functionality. These experiences have strengthened my skills in React, Bootstrap, and responsive design, ensuring applications perform flawlessly across devices.

To stay ahead in the fast-evolving tech industry, I completed the Apna College Sigma Course, a rigorous program that deepened my knowledge of full-stack development and modern web technologies.

Education

Atal Bihari Vajpayee Govt. Institute of Engineering & Technology
Polytechnic Diploma, Computer Engineering · (August 2019 - June 2022)
